PROFILE:

- Computer Science Engineering student skilled in MERN stack, Java web tech, Data Science, and AI/ML. Built scalable projects like 3D model generators and analytics dashboards using FastAPI, React, and ML tools. Strong in DSA (Java) with proven leadership via NCC and BNMIT Super 60.

SKILLS:

Web Development - Intermediate	Python - Intermediate	Data Structures and Algorithms
Frontend: React.js, Tailwind CSS **Backend:** Node.js with Express.js **Database:** MySQL, MongoDB **Java (Web):** JSP, Servlet, JDBC, Hibernate, Spring Boot (MVC).	**Data Science:** Intermediate **Machine Learning:** Basic **Generative AI:** Basic.	**Java:** Intermediate **Python, C:** Basics.

EDUCATION:

- Computer Science and Engineering | B. N. M Institute of Technology. 8.7 CGPA | *2022-26*
- Pre University - Biology **(PCMB)** | Alva's Pre University College. 95% | *2020-22*
- **SSLC** | Alva's English Medium High School. 91.04% | *2019-20*

PROJECTS:

- **Text-to-3D Model Generation - FastAPI, React, Point-E.** *(2025)*
  Text-to-3D model generation is a tool that transforms user prompts into 3D objects instantly. Built with Python's FastAPI for the backend and React with Vite for the frontend, it leverages Point-E model to create single 3D assets from simple text commands.

- **Employee Data Analytics - Python, XGBoost, RandomForest, Data Science.** *(2025)*
  It is a data-driven analytics platform designed to identify employee challenges and predict actionable solutions. Built with Python using libraries like **Pandas** for data processing, **Scikit-learn for machine learning**, and XGBoost, RandomForest for model training and **Streamlit** for the interactive frontend dashboard**.**

- **Real time chatting application - Socket IO Integrating with MERN.** *(2024)*
  Chit-chat is a real-time web application where users can communicate with each other instantly. Built using the MERN stack for the web interface and Socket.IO for real-time communication, it enables seamless interaction.

WORK EXPERIENCE:

- **Version 1 - IT Intern - Internship** *September - Present*
  Built and optimized full-stack web applications using Django and React, ensuring efficient performance and scalability. Collaborated via GitLab and deployed solutions on AWS for secure, high-availability hosting.

- **Prodevans - Docker and Kubernetes - Internship** *August - September 2024*
  Containerized applications using Docker to streamline builds and deployments. Automated deployment and scaling with Kubernetes by managing pods, services, and replicas. Gained hands-on DevOps experience in cloud-native environments.

CERTIFICATIONS:

- **Red Hat -** Red Hat OpenShift Administration I: Operating a Production Cluster (DO180), Red Hat System Administration I (RH124), Red Hat System Administration II (RH134).
- **Simplilearn -** Java Servlet Basics and JSP 101, Introduction to Spring framework 101.
- **HackerRank Skill Certificate -** Java, SQL (Basic, Intermediate), Problem Solving.
- **Udemy -** The Complete Prompt Engineering for AI Bootcamp (2025).
- **Springboard -** Artificial Intelligence: Types of Artificial Intelligence, Explore Machine Learning using Python.
- **National Cadet Corps (NCC) -** Awarded 'B' and 'C' Certificates.

HACKATHONS:

- **IBM Hackathon** - 48 hours | Climate Change Analysis and Mitigation | Agentic AI, RAG. *(2025)*
- **Hackwell 5.0** - 48 hours | AI Agent for Task Allocation | AWS SageMaker, Python, React. *(2025)*
- **Hackman V7** - 24 hours | Voice Assistance | SpeechRecognition, PyAudio, pyttsx3, Flask. *(2024)*

ACHIEVEMENTS:

- **National Cadet Corps (NCC) -** Group Song **(Gold Medal),** Tent Pitching **(Gold Medal).** *(2023, 2025)*
- **Chess -** Two-Time District Level Participation, Inter-Department Chess Competition (**3rd Place**). *(2017, 2019, 2025)*

EXTRACURRICULAR ACTIVITIES:

- **National Cadet Corps (NCC) Cadet - 3 Years** | B & C Certificate Holder | **Gold Medallist** (Cultural & Tent Pitching)
  Attended two Combined Annual Training Camp - **CATC** (2023 and 2025) and one Army Attachment Camp - **ATT** (2023).
  Led social awareness drives and community service programs.
- **Super 60 - 2 Years** | **Harvard Square's Leadership** Courses | **Java DSA Deep Dive**
  Selected through 4-stage screening for leadership and tech. Trained in DSA (Java), strategic Thinking, and Communication.

HOBBIES:

- **Sports:** Chess, Swimming, Badminton.
- **Workout:** Jogging, Walking, Push-ups, Pull-ups, Squats.
